# *The Future is Here*

Since 1998, the Traditions in Excellence Dinner has played a dynamic role in funding the growth of the College of DuPage Hospitality Administration program. Proceeds from this event have helped to purchase kitchen and baking equipment, furnish the Escoffier Dining Room, and finance construction of the multimedia Culinary Theater.

A new Culinary & Hospitality Center will open in August 2011 on the College of DuPage campus. It will feature a boutique hotel (Inn at Waters Edge), culinary and baking kitchens, a fine dining restaurant (Waterleaf), and a casual restaurant (Wheat Cafe). The new center, one of the first LEED-certified facilities of its kind, will showcase our program like never before, serving as a "living laboratory" for students.

This year, in lieu of an auction, we are accepting donations for the new center.

We hope to see you on April 19th.
